

# Schools Executive Leadership Colloquium

An integrated nine-month leadership program focusing on the critical dimensions of effective school leadership

 **Level** Current and aspiring senior leaders

 **Ideal for** School leadership groups

 **Gender** All genders

 **Duration** 9 months, flexible, part-time

 **Delivery** Online or blended delivery

## About the program

Bringing together our deep knowledge of best-practice leadership approaches and extensive experience supporting leaders in schools, this program equips school leaders with the insights, skills and confidence to strengthen the performance of those around them.

Activities are aligned to participants experience and challenges to ensure the learning can be applied immediately.

- Explore the critical dimensions of effective school leadership
- Engage in reflective practice around your own skills
- Leverage the combined expertise of peers

## Participant profile

This program is designed for those holding or aspiring to a senior leadership role within their school.

## Program Outcomes

A targeted and transformational experience for leaders in schools

Develop the capabilities to lead successfully in the contemporary school environment.

Leverage existing leadership capabilities and engage in a process of continuous self-development.

Apply the learning gained from scenarios and adaptive leadership principles to broader contexts.

Work with peers to test assumptions, explore strategies, and refine approaches to issues.

Embrace a 'leader as learner' mindset and help others to grow.

Support the application of learning to school practices and context.

## Program experience

During the program participants will undertake the following elements:

- Interactive online sessions led by an expert facilitator
- Peer coaching sessions
- Self-directed learning via the online learning management system
- Professional Leadership Project

## Program Modules

Leadership and authenticity

Communication presence and influence

Team dynamics

Driving performance

Problem-solving and decision-making

Leading innovation and change

Purpose, priorities and professional development

“

The Colloquium provided an opportunity to refine my understanding of self, my language around leadership and my own leadership strengths ... The Colloquium continued to add depth of understanding, provide possible frameworks, and ideas for innovation, and affirm our future direction.
